## **DETAILED ACTION**

## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Michaud on 26 April 2006.

The application has been amended as follows:

- On line 2 of claim 4, the phrase "one first-link arm, at least one second-link arm."
   has been replaced with --one first-link arm and at least one second-link arm.--.
- Claim 9 has been replaced with --The razor assembly of claim 1, wherein the second axis is substantially perpendicular to the first axis.--.
- On line 2 of claim 10, the phrase "one first-link arm, at least one second-link arm." has been replaced with --one first-link arm and at least one second-link arm.--.

## Allowable Subject Matter

- 2. Claims 1 and 3-14 are allowed.
- 3. The following is an examiner's statement of reasons for allowance: Claims 1 and 3-14 are allowable because of the apparatus with a linkage including at least one first link having a first pivot end, at least one second link having a second pivot end, at least one pivot link, and the pivot link and the first and second pivot ends being attached to

----

the handle as set forth in the claims. None of the prior art cited discloses an apparatus that incorporates the use of a linkage including at least one first link having a first pivot end, at least one second link having a second pivot end, at least one pivot link, and the pivot link and the first and second pivot ends being attached to the handle to move a razor cartridge and shaving aid body relative to each other. Therefore, in view of what has been stated above, the claims are allowable over the art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
